WHO WE ARE

Okies First is a registered Political Action Committee and advocacy group built by and for Oklahomans. We stand up for the people who keep this state running: the farmers out in the fields, the teachers in our classrooms, the small business owners chasing big dreams, the veterans who have served with pride, and the families who hold it all together.

Oklahoma's real strength isn't found in politics or profits. It's found in its people.

Our goal is simple: to ensure that every Oklahoman, no matter where they live or what they do, has a voice that's heard and respected. We fight for fair representation, stronger local economies, and opportunities that help our communities grow.

Okies First is nonpartisan. We judge every idea, every vote, and every leader by one test—does it serve Oklahoma? Never by the party they belong to. We believe in accountability, unity, and doing what's right, not for one side or another, but for each other.

MISSION

Educate. Inform. Empower. Put everyday Oklahomans back at the center of public life and hold power accountable — across party lines, in every county.

HOW WE WORK

Independent research, public watchlists, voter tools, candidate endorsements based on record, field polling, and issue campaigns that serve working families.

THE FOUR PILLARS

01

EDUCATION

FOR THE TEACHERS IN OUR CLASSROOMS.

Fully funded classrooms, respected teachers, and real opportunity for every kid—from the Panhandle to Little Dixie.

Every Oklahoma child deserves a school that gives them a fair shot at the future, no matter their zip code.

02

HEALTHCARE

FOR THE FAMILIES WHO HOLD IT ALL TOGETHER.

Rural hospitals kept open, mental health treated like health, and care that reaches every county—not just the cities.

No Oklahoman should have to drive an hour or more just to see a doctor or deliver a baby.

03

RURAL DEVELOPMENT

FOR THE FARMERS AND SMALL BUSINESS OWNERS.

Strong local economies, main-street small businesses, and infrastructure that lets rural Oklahoma thrive on its own terms.

When our small towns do well, the whole state does well.

04

GOVERNMENT ACCOUNTABILITY

FOR EVERY OKLAHOMAN WHO DESERVES A VOICE.

Fair representation, transparent spending, and leaders who answer to the people —not to power or party.

Public service is a public trust, and we expect the people we elect to act like it.

PROGRAMS & TOOLS

THE WATCHLIST

A public accountability project tracking officials and institutions whose records, votes, or conduct deserve scrutiny. Designed so everyday Oklahomans can see who is being watched—and why.

SAVANNA'S LAW

An advocacy campaign focused on protecting survivors and families. Named work that puts victims, not institutions, first.

YOUR VOTE, YOUR SECRET

A civic education effort on ballot privacy and participation. Built around a simple fact: 4.13 million Oklahomans, and only about 1 in 3 vote. Your vote is yours—and it stays yours.

VOTE 2026

A personalized ballot and candidate guide for the 2026 Oklahoma elections. Helps voters cut through noise and see who is on the ballot.

STRAW POLLS

A statewide public straw poll of key 2026 races. A tool for listening—not just talking—to Oklahomans before Election Day.
